

WE ARE FARMERS AND DISTILLERS.

Husk Rum and Ink Gin are handmade by our team on this 150 acre family farm.

Husk Rum is a rare style, made from fresh sugar cane juice rather than the commonly used molasses.

Our sugar cane is grown, harvested and crushed, then the juice fermented, distilled and bottled right here at Husk Farm. Husk Rum is a true farm to bottle spirit - one of only a handful in the world.

The botanicals and innovative recipes for Ink Gin are inspired by our 12 hectares of ancient remnant rainforest, and the colourful & creative Northern Rivers community.

All waste from distillation and cane crushing returns to the land in the form of feed for our cattle or compost for our pasture and gardens.

Explore this menu and discover new ways of appreciating Husk Rum and Ink Gin founded on our core values of quality, authenticity and provenance.

We hope you enjoy.
